WORK EXPERIENCE

Project Management Intern, Across The Globe (ATG) • Remote Apr 2024 – Dec 2024

Managed social media handles for multiple clients, including content planning, branding strategy, and engagement tracking to improve client outreach and visibility.

Research Intern, Dept. of Forest and Wildlife (Govt. of NCT of Delhi) [Jan 2025-Mar 2025]

Project Title: Understanding Human-Leopard Conflict in Delhi: A Study of People's Perceptions, Knowledge, and Attitude

Key Contributions:

- Conducted field surveys and collected primary data via structured interviews with local residents.
- Designed and refined questionnaires to capture community perceptions and attitudes.
- Analyzed responses to identify patterns and trends in human-leopard interactions.
- Presented findings to support conflict-mitigation strategies and coexistence policies.

Skills: Research design, data collection and analysis, community engagement, stakeholder interaction, report writing. **Achievements:** Contributed actionable insights for human-wildlife conflict resolution strategies.

Web Development Intern, CyPsi Lab (University of Delhi) [March 2025 - Till Now]

- **SamarthX (Govt. of Goa):** Developed Home Page using Grav CMS, customized components, and improved usability.
- **SamarthX (Payload CMS Platform):** Developed a Payload CMS-based web application including Home, About, Login, Signup, and Application modules with form workflows and admin dashboard. Website: career.samarthx.du.ac.in
- **CPS Website (Cyber Physical Systems Lab):** Built a full-stack institutional portal using Payload CMS and Next.js with dynamic content management, reusable components, and role-based admin dashboard.
- **IIC Website (Institute of Informatics & Communication):** Developed a responsive department website with event management, announcements, faculty directory, and CMS-driven content publishing system.
- **Mombusho Scholars Association of India (MOSAI):** Revamped UI/UX and deployed the website on GCP using Grav CMS. Website: mosai.org.in

PROJECTS

ZeroHunger (Web-based Application) [Live Demo](#)

A web-based platform designed to reduce food waste and donate surplus food to NGOs. Developed and designed the frontend using HTML, JavaScript, React, and TailwindCSS.

Using Language Models to Solve Linear Programming Problems [Report](#)

Explored the use of Large Language Models (LLMs) to solve optimization tasks like resource allocation and logistics. Evaluated single-step and multi-step approaches, showing LLMs can produce accurate and practical solutions.

Steganography in Spatial Domain

Report

Combined Least Significant Bit (LSB) and Spread Spectrum Image Steganography (SSIS) to securely embed messages within images while preserving quality. Outperformed traditional methods based on PSNR and MSE metrics.

Mathematical Modeling of Crime Against Women in India

Developed a regression-based model analyzing socio-economic factors such as population density, unemployment, and per capita income. Predicted crime trends, showing crime rates increase with unemployment and population but decrease with GDP.

PUBLICATIONS & CONFERENCE PAPERS

Robustness in Facial Expression Recognition: Ensemble Clustering Approach

Feb 2026

for Turbulent/Varying Illumination Conditions

Presented at the **International Conference on Mathematical Sciences and Computational Intelligence (ICMSCI-2026)**, organized by the Department of Mathematics, PG DAV College, University of Delhi, in association with the Faculty of Mathematical Sciences, University of Delhi, and National Institute of Technology (NIT), Mandi & Uttarakhand. Held during 20–22 February 2026.

EDUCATION

2022 – 2026

B.Tech in Information Technology at **University of Delhi**, New Delhi

2022

Class 12th (PCM) at **Saraswati Shishu Mandir Senior Secondary School**, Gorakhpur

AWARDS & SCHOLARSHIPS

Mar 2024

Third Prize in Micromouse (Robotics) Competition, IIT BHU (Varanasi)

Mar 2024

First Prize in Pixelate (Robotics) Competition, IIT BHU (Varanasi)

Jan 2024

First Prize in Line Follower (Robotics) Competition, IIT Jodhpur

Dec 2023

Finalist (Top 15 Teams) at IIT Bombay Techfest 2023

Nov 2023

First Prize in Line Follower (Robotics) Competition, Shaheed Rajguru College of Applied Sciences for Women

SKILLS

Languages

Python,HTML,CSS,JavaScript

Frameworks

ReactJS, Next.js,Node.js,Angular

Platforms

Linux, Web, Windows, Google Cloud

Tools

Git, MongoDB,Docker, CI/CD, VS Code, Cursor

Other Skills

Content Writing, Communication, Teamwork

VOLUNTEERING & LEADERSHIP

Oct 2023

Technical Support Volunteer at United Service Institution of India (USI), New Delhi

Volunteered at the *Indian Military Heritage Festival*, providing technical support for event operations and assisting with smooth execution of sessions and activities.
